

Reading Partners and Number Partners do more than improve literacy and numeracy. They provide young people with engaging one-to-one support, build confidence, and connect them with inspiring role models from the workplace. Through reading, discussion, games and hands-on activities, children develop essential skills while enjoying the learning process. Get involved today and help inspire a young person to achieve their potential.

Student Feedback

Students told us...

Student, Year 5

"I look forward to seeing my reading partner every week - I am envious of other children if their reading partner is at school and mine is not!"

Student, Year 3

"My business partner helped to show me that competing is good but it doesn't matter if I lose. Learning maths can take you good places."

Teacher Feedback

On average...

**Teachers rated Reading and Number Partners
4.7 out of 5.**

Teacher

St Agnes Primary School

"It means the world to the children that someone turns up just for them – someone who cares enough to listen to what they have to say. "

Teacher

Osmani Primary School

"Of the 11 children who had a reading partner this year, 8 made expected progress in reading, while 3 made above expected progress. This is fantastic news and reflects the valuable support and encouragement the volunteers have given throughout the year."

Teacher

Harry Gosling Primary School

"Reading Partners has improved their enthusiasm for reading and often they can be found secretly reading their books under the table!"

As a result of Reading and Number Partners, teachers told us...

Students grew in confidence during lessons.

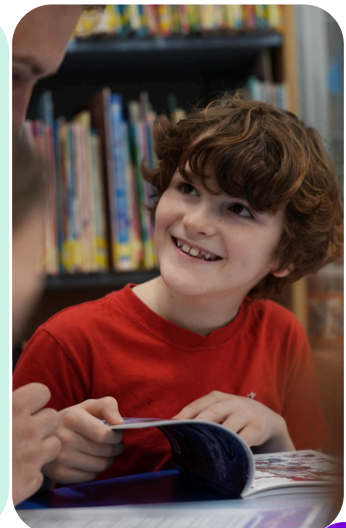

Students were able to access tasks that may have been too challenging to do alone.

Students gained greater knowledge of the world around them.

Children felt heard and listened to which in turn helped their social skills.

Volunteer Feedback

On average...

Volunteers rated Reading and Number Partners 4.5 out of 5.

After volunteering on Reading and Numbers Partners, volunteers told us....

Number Partners Volunteer

JP Morgan

"I love working with my Number Partners. I miss them during the holidays - it's the highlight of my week!"

100%

of volunteers would
recommend Reading and
Number Partners to a colleague

Volunteer

Marsh

"The pupils love working with younger volunteers because they see them as a role model rather than a figure of authority."

Reading Partners Volunteer

Beazley

"Our volunteers love attending reading partners and the relationship they have built with their partners."
